### ***Who is Danger Aware?***

Danger Aware is a 501c3 Non-Profit located in Fresno, CA.

Our mission is to spread knowledge on how to spot the early warning signs of abuse and to teach men, women and children alike how to stop current abuse and prevent future abuse from happening through free resources, education, contests and games.

We would love to have your support in continuing our mission and thank you for your help!

Currently, we are in need of both financial contributions and/or volunteer efforts.

## ***3 Tips to Talk to Your Children About Abuse***

### ***Teach them:***

- The real names for their body parts, including their private parts, so they can talk about things that happen to their bodies in a way others will understand.
- Not to keep secrets. Tell your children to let you know if a child or adult plays secret games or tells them something bad will happen if they don't keep the secret.
- That adults are not always right. Tell your children to come and talk to you if they don't feel right about something a grown up says or does.

---

### ***BONUS TIP***

- Let your children know that if they say someone has touched them, you will believe them and not be mad at them. Tell them that you love them and will help keep them safe
